About the Course :

The Certified Management Accountant (CMA) is the highest level of certification in management accounting awarded by the Institute of Management Accountants (IMA) USA. The US CMA Course is globally recognized, advanced-level credential appropriate for accountants and financial professionals in business. Earning the CMA will make you part of a network of over 78,000 credentialed peers worldwide. The Certified Management Accountant course has been designed to meet the evolving needs of business – today and tomorrow. We look forward to helping you achieve excellence as a professional.

Special Features :

- CMA is a globally recognized certification.
- It opens up rich opportunities in management accounting and financial management across various industries.
- CMAs can explain the "why" behind numbers, not just the "what."
- CMA helps you to be "future-proof" as you will increasingly be expected to provide "insight" and "foresight"
- Skills and knowledge gained while pursuing CMA certification enable the professional to connect accounting concepts to its practical applications in finance
- CMA certification hones skills in accounting and financial data analysis, which can be leveraged to improve performance and make strategic business decisions.
- CMAs are experts in cost management, budgeting, and efficiency.
